

Be Still

Words and Music by Christy Hoagland

Verse 1

How many times have You told me to wait
So I can know You, who You are and be brave
You'll teach me Your ways and place in me faith
If I'll just be still

Chorus

Be still and know God's in control
Be still and know He's making you whole
Be still and know He's all that you need
Be still and know and fall at His feet
Be still

Verse 2

Why do I need Your constant reminder
Abide and rest and call out to You
You reveal Your truth and mercy completely
If I'll just be still

(Bridge)

You are constant so I will rest
You are faithful, I will trust
You have given me Your peace, Lord, assurance to believe

Chorus

Be still and know God's in control
Be still and know He's making you whole
Be still and know He's all that you need
Be still and know and fall at His feet
Be still and know He's God
